

Engaging leading entrepreneurs to learn and grow.

# Members on the Move

**Dennis McElrath**  
*Owner, FOPCO Inc.*

Since Dennis assumed full ownership of FOPCO in 1999, the engineering and electrical general contracting company's annual revenues have grown from \$2 million to \$6 million. Not surprisingly, a major Honolulu business publication recently named the company one of the 50 fastest-growing small businesses in the state. When he's not on the job, Dennis — who recently took over as EO president — gives back to the community, contributing his time to the American Heart Association and Big Brothers of Hawaii.

**Blane Y. Yamagata**  
*President, Unitek Solvent Services, Inc.*

Born and raised in Hawaii, Blane pursued his vision to build a premier environmental recycling company serving Hawaii's unique needs. His latest endeavor has been to construct the first facility of its kind in the United States which employs a re-refining technology that thermally converts used motor oils into a viable diesel fuel. As a active member of the National Oil Recyclers Association (NORA), he keeps pace with myriad issues relating to specialized recycling needs of the industry.
